

# Proper Use

You have just gone through a review of the Proper Use of Termidor® and should now be familiar with the additions to the label, which include a new shaded stewardship box on the front page. You are also aware of the overall benefits of Termidor, and why this product is considered America's #1 Termite Defense.

A few important things to remember include:

- A Termidor Certified Professional company is a pest control company that has completed the official Termidor training program, and been certified by Termidor's manufacturer, BASF Corporation, to use and apply Termidor products.
- Always read and follow label directions to ensure proper use.
- Any use of Termidor that is inconsistent with or not listed on the labeling is considered misuse. It is a violation of Federal and State law to use products in a manner inconsistent with its labeling.
- When properly applied, nothing performs like Termidor. For more information on the excellence of Termidor, please visit [www.TermidorHome.com](http://www.TermidorHome.com)

# Proper Use

See example of the **Termidor® SC** shaded stewardship box below:
